Has the animal ever kicked, bitten, or had any undesirable behavior on the ground? If yes, please explain: _____

Is the animal approachable/easy to catch? _____

Has the animal had any training under saddle or suitable for companion only? Please explain: _____

_____ (Initial) I understand some animals who are surrendered to the rescue may become permanent residents of the farm. However, some Owner Surrenders are rehabilitated and may be placed in approved foster or adoptive homes. Once an animal is surrendered to Mad Hatter Farm, it is left to our staff's discretion whether or not they remain as a permanent resident or move on to an approved home. ALL animals that leave our farm are to approved homes only, and are only eligible to be adopted once they complete quarantine, are up to date on all shots and Coggins, and have a clean bill of health from our veterinarian.

_____ (Initial) I understand that Mad Hatter Farm charges a \$275 surrender fee. This fee covers initial shots, Coggins, dental, farrier and any other initial exam or testing the animal requires. If the animal is current on any of the above, the fee may vary. The fee may be waived in special circumstances and/or as the funds allow. Please contact Mad Hatter Farm if you have questions.
